MANAGEMENT DISCUSSION AND ANALYSIS

Industry Structure, Developments and Outlook

The global economic growth rate reduced to 3.5% in 2012 compared with 4% in 2011. The situation in India mirrored this global trend. India's growth rate fell to 5.5% driven by lower industrial production in core sectors, slow internal investment, reduced urban consumption and high inflation. The growth in foreign tourist arrivals to India also reduced from that of the previous two years. The World Travel and Tourism Council forecasts a modest 2% to 4% increase in international tourist volumes in 2013. Furthermore, with the increased supply of hotel rooms, prospects for the year 2013 are subdued for the Indian hospitality sector.

The long term outlook for the Indian hospitality industry continues to be positive. According to the World Travel and Tourism Council, demand for travel and tourism in India will grow annually by 8.2% during the period 2010 to 2019. India's travel and tourism sector generates more jobs than the mining industry and communication services. India's middle class of 350-500 million people with a growing disposable income to spend on travel is positive for the hotel industry. This confidence is reflected in substantial planned investments in new hotel projects over the next three years. To keep pace with this growth in travel and tourism, more attention needs to be given to infrastructure development as well as safety and security of tourists, both domestic and international. Visa on arrival from key markets of Europe and North America, better roads and connectivity and a cleaner environment are areas that deserve attention from all stakeholders. While the Cabinet approval of Foreign Direct Investment in aviation is a step in the right direction, more needs to be done for a sector that contributed 6.4% towards India's Gross Domestic Product in 2012.

Opportunities, Threats, Risks & Concerns

Growth in hotel supply in recent times has outstripped demand in a number of Indian cities. Escalating land prices, increasing energy costs, depleting water levels and a scarcity of trained manpower are challenges that will need to be addressed and overcome. With increasing affluence in India, the composition of the market is undergoing a change. Domestic travel and tourism is experiencing rapid growth as is domestic corporate travel. These segments will require due attention whilst we continue to focus on traditional markets. Source markets are changing with demand from the SAARC nations, China, Japan and the Middle East growing steadily. The Tourism Ministry will need to orient itself to this development.

Internal Control Systems and Risk Management

The Company's Internal Audit Department ("IAD") continues to conduct regular audit of hotels to ensure that control systems and procedures are followed, under the overall supervision of the Audit Committee of the Board of Directors. The internal audit plan is approved by the Audit Committee at the beginning of the financial year to enable IAD conduct its audit smoothly. The Company's Risk Management team keeps the Board informed periodically of the various risks associated with the business of the Company and the measures taken to mitigate these risks.

Financial and Operating Performance

During the financial year 2012-2013, the Company's Total Revenue was ₹ 2,129.53 million as compared to ₹ 1,904.54 million in the previous year.

The Earnings Before Interest, Depreciation, Tax and Amortisation (EBIDTA) was ₹ 644.70 million as compared to ₹ 576.63 million in the previous year.

The Profit Before Exceptional Items and Taxation was ₹ 296.97 million as compared to ₹ 175.28 million in the previous year.

The Profit After Tax was ₹ 205.02 million as compared to ₹ 133.55 million in the previous year.

On account of amalgamation of Island Hotel Maharaj Limited, the Company's wholly-owned subsidiary, with the Company with effect from 1st April, 2011, the results pertaining to the year ended 31st March, 2013 are not comparable with that of the corresponding previous period.

The Company's business activity is limited to hotels.
